The Association of Siamese Architects Under Royal Patronage (ASA) We are a community of around 3,000 members consisting of registered architects working in Thailand, with the balance of membership made up of Thailand architects working overseas, architectural graduates, architecture students, teachers of architecture and retired architects. The Association of Siamese Architects Nationals was established in the year 1934.

N.C.C. Exhibition Organizer Co., Ltd. (NEO) is Thailand's leading exhibition organizer. NEO was previously a department within N.C.C. Management & Development Co., Ltd. which was responsible for expos. In 2004 it officially transformed into an independent expo organizer and event management company. With over a decade of experience in planning and managing more than 100 international trade expos and conventions, NEO has become respected and trusted in Thailand for its professional expertise and reliability in this area. In addition to forging partnerships with other expo organizers from both within and outside the country, NEO has also been organising more and more of its own exhibitions in Thailand and abroad.

WHY THAILAND? WHY HAVE TO BE IN ASEAN?

- ▶ Thailand savors a strategic location and serves a gateway into the heart of Asia and gateway to ASEAN
- ▶ ASEAN with its 600 Million population with current economic value of 2.6 trillion USD is expect to increase to 4.7 trillion USD in 2020
- ▶ Tourism growth rate is high in the region with 5,7% between 2010 - 2020 with 113 million tourists recorded in 2016 and Thailand recorded 35 million tourist in 2017 and expect over 38 million tourist in 2018
- ▶ ASEAN import and export between each other account for around 20% and follow by major import from China 20%, Japan 9.7%, Europe 9.5% and the rest of the world
- ▶ Thailand is the second-largest economy in Southeast Asia. It reached upper-middle-income status in 2011 and now has its sights set on becoming a high-income country, Thailand intends to reach higher-income status by 2032.
- ▶ The middle class population of ASEAN — an association of 10 Southeast Asian nations — will reach 400 million in 2020, up from 190 million in 2012, according to Nielsen. International visitors continue to enter and expand in Asia Pacific at a rapid rate to gain market share and take advantage of the growth of the middle class and rising disposable incomes within the region
